CHEAP SKATES Blank Decks

No pro names! No expensive graphics! Just quality boards!

Our skate decks are made by the same companies that make many of the brand name decks in our catalog. We use the same Canadian Hard Rock Maple wood laminated in seven cross plies . . . just like the brand names. All decks use dyed veneers and are drilled for the new short four truck hole pattern. Our slick plastic is the same stuff from the same place as everyone else's. We sell more decks than anyone because we're the world's largest skateboard retailer. This keeps us close to all the trends, so our shapes are always the most current.

Wood $29.95
Slick $34.95

Blank Completes! Ready to ride!

We will build your choice of a blank deck and blank wheels with Krux, Venture or other pro trucks, Nitty Gritty grip tape, Stiffies mounting hardware, and precision bearings. Top quality at an insane price!

World's Largest Skate Selection

Hey skaters, California Cheap Skates has been working for you since 1975. We're serious when we say "satisfaction guaranteed". That's why so many of you are repeat customers. We're committed to making your shopping experience with California Cheap Skates enjoyable and completely hassle-free! Don't confuse us with any of those other guys. No one is as service-oriented or reputable as California Cheap Skates.

We're really proud of our sales staff—well-trained, knowledgeable, and fully into meeting all your skating needs. If you ever have a question about any of our products, don't hesitate to ask! That's why we're staffed with real skaters—we KNOW the products we sell.

ABOUT PRO MODEL CHANGES

Pros often update and improve the graphics and shapes of their decks and t-shirts. There's definitely nothing stagnant about this skate business. When the pros come out with a new model, the one it replaces is no longer available to us. No sweat, no obligation, just call us up for a description of the new improved model.

ABOUT DELIVERY

We will, in all cases, send your order out as promptly as possible. In-stock items are almost always shipped within 24 hours from receipt of your order. UPS delivery should occur within two to eight working days, depending on your location. Next day delivery is available at a small additional charge. Please ask your salesperson for details. You'll be notified by mail of any delays or backorders. Items ordered together may be shipped separately. Shipping to another address and some credit card verifications may cause delays. As always, we're here to answer your questions.

ABOUT SIZING

For many of our customers, the best clothing is somewhat near its mid-life crisis and well worn. No one is fond of stepping into stiff styles, so we keep this in mind when selecting our clothing. Most of our garments are prewashed, constructed to be soft, wearable and long-lasting to meet your demands. Because we represent a number of different manufacturers, sizes vary some, but remember, all the best skate clothes are oversized. So, when in doubt, take it baggy.

Our sales staff maintains a continually updated list of all our apparel in terms of sizes, material content, and washing instructions to help fit you right the first time.

Rating	Description
1	Toughest available/built specifically for skateboarding.
2	Good durability/may wear quicker than #1 rating.
3	Durable street shoe/won't hold up to daily skating.

CHEAP SKATES EXCLUSIVE SHOE DURABILITY RATING

Skateboarding is harder on shoes than just about any other sport. Even the burliest shoes eventually succumb and die when confronted with the daily rigors of hard skating. So to facilitate your buying decision, we have devised a rating system which will predict the lifespan of each style of shoe.

Rating	Description
1	Toughest available/built specifically for skateboarding.
2	Good durability/may wear quicker than #1 rating.
3	Durable street shoe/won't hold up to daily skating.
4	Not built for skateboarding.
